

SEP DRUG DEALER TAKEN TO COURT

EDWARD GERHART

Was brought to the SEP Student Council Court yesterday where he was to attend his court case on whether or not he should be charged guilty for selling illegal drugs on school grounds. Edward Gerhart pleaded not guilty yesterday. We do not have the most current information regarding the case as the media was blocked from attending, however we do know that Edward's lawyer had trouble defending him in court as there wasn't much reliable evidence to defend Edward innocent.

The result of the court case will be reported on once it has finished; which is presumed to be sometime the following week.

...The jury at the SEP Student Council Court consists of the students of SEP. Some of these students were Edward's friends. "I...I just don't know what to say. During my entire time knowing Eddie I would have never guessed he would do something like this." Said a friend of Edward who requested to be anonymous. Other friend's of Edward's however claim the opposite. "Yeah he's the kind of guy. I mean I never expected him to get caught but he's certainly the type to sell drugs. I mean, just look at the guy." Said a friend of Edward's who claimed to be "Bird Man". It seems the jury is split. Only time can tell the future of Edward...
